

Clinic Style Guide

Clinic Style Guide

We strive to provide an exceptional experience to all of our patients, and that starts with a cohesive and professional team appearance. We also know that it's important for you to be comfortable with what you are wearing for work. This guide is intended to illustrate appropriate clothing choices for our frontline team members while also creating flexibility and affordability. Should you have any questions, please do not hesitate to reach out at culture@convenientmd.com with any questions or comments.

Clinic Approved Items

Scrubs

Scrubs should be worn as your base layer for every shift.

Scrub bottoms are always required.

Clinic Approved Items

Jackets & Vests

Branded jackets and vests are available to purchase. You may also wear your own outerwear over your scrubs as long as they are within the approved colors and the brand/logo is not prominent.

Approved clinic colors:

Clinic Approved Items

Quarter Zips & Performance Tops

Other navy, white and gray outerwear can be layered or worn instead of a scrub top as long as no other company logos are prominent.

Approved clinic colors:

Navy

Gray

White

Clinic Approved Items

T-shirts

Short sleeve and long sleeve T-shirts can be worn with your scrubs as long as they are an approved color and no other company logo is prominent.

Approved clinic colors:

Non Clinic Approved Items

Hoodies, crew necks
and hats of any kind
are **NOT** allowed in
the clinics.

The only approved colors for clinic clothing are
navy, gray and white. This includes any outdoor
and layering under scrubs.
